

Progress Report

Name: Habib Zreik
Course: Signal Classification with Deep Learning
Progress: **100%** complete (as of 8 June 2025)

Chapters

1. Introduction **100%**
2. Import Signals in Labeled Subfolders **100%**
3. Prepare Training Inputs **100%**
4. Train and Evaluate a Signal Classification Network **100%**
5. Adjust Training Inputs to Improve the Network **100%**
6. Conclusion **100%**
